50 Jahre Fiat Dino

Das Event zum Jubiläum
Garmisch-Partenkirchen
13. 5. – 16. 5. 2016

Dear Dinoisti,

Our beautiful Fiat DINO become 50 years and are more attractive than ever! To mark this anniversary, we want to celebrate the cars condign, namely in form of an ANNIVERSARY MEETING!

The Fiat Dino Spider has been presented to the public at the Turin Motor Show in 1966. This was the *first* and *only* cooperation between Fiat and Ferrari following the acquisition of Ferrari by Fiat. This joint project produced the most racy Fiat models ever made. The beautiful and completely new designed Dino models (colloquially called Ferrari Dino) have been created at the same time. These Dino models again have been the basis for Ferrari's future decision to ennoble also non-12-cylinder models with the Cavallino Rampante - something that was unimaginably before. Many very successful Ferrari models have been created since this hour of birth until today. However, there was no successor for the Fiat Dino - a fact that makes these cars so unique and desirable now.

***A L L owners of the cars shown on the following pages are invited to this anniversary
W I T H their cars!***

We're looking forward to a magnificent event with many beautiful cars and nice people!
